Reimbursing nursing homes for direct care costs.

Finds that absent changes to the nursing home case mix reimbursement system for direct care costs, unintended consequences of the system scheduled to be implemented in the 2001-2003 biennium could negatively impact the quality of care required by nursing home residents. Creates the joint legislative task force on the direct care component of the nursing home reimbursement system.

Charges the task force with reviewing the extent to which the direct care reimbursement rates relate to the level of acuity and needs of the patients served, encourage nursing home providers to staff appropriately to those demonstrated needs, and allow providers to both recruit and retain staff necessary to providing high quality patient care in a cost-effective manner.
